Luxembourg, 30 of June 2025

Dear Shareholder,

The Company's board of directors (the "**Board**") hereby informs you that the prospectus has been updated to increase the selectivity thresholds for the exclusion of companies with the lowest ESG score in the determination of the investment universe of the Sub-Fund, from 20% to 25% (the "**Modification**").

The Modification is applicable since the 1<sup>st</sup> of January 2025 and results from the Sub-Fund's obligations to comply with the requirements as regard the *Investissement Socialement Responsable* ("ISR") label.

The Modification has no impact on the way the Sub-Fund is managed, its risk/return profile, or its respective portfolio's allocations, and is therefore not material.

Should you require further information, please contact your financial advisor or local distributor.

Yours faithfully,

On behalf of the Board
